## **Self and the TRUE UNIVERSE**

- **Throughout history mankind has developed theories for everything.**
  - **Cosmological Theories like Copernican, Big Bang, Oscillating, etc..**
  - **Physical, Medical, and Human behavior theories.**
  - **Theories about other people, businesses, and governments.**
- **The TRUE UNIVERSE that “exists” is independent of what any human individual believes it is - it is what it is.**
- **An individual constructs his own set of models for the TRUE UNIVERSE.**
- **No two individuals have the same set of models for the TRUE UNIVERSE.**

# PART I -Time Dependent Revelation

## Self and the TRUE UNIVERSE

- **Each individual has a triune structure.**
  - **Body:** The body provides the interface with the TRUE UNIVERSE using the body's senses to input *items of knowledge* and output responses.
  - **Soul (Mind):** The soul receives the *items of knowledge* from the body and constructs a set of models for the TRUE UNIVERSE.
  - **WILL:** The WILL is responsible to implement all the Soul's decisions based upon maximum WILL and generate the response to the TRUE UNIVERSE.

# PART I -Time Dependent Revelation

## Self and Items of Knowledge

- The *items of knowledge* include all inputs from all body sensors:
  - Eyes: sight, reading
  - Ears: hearing
  - Tongue: taste
  - Nose: smell
  - Nerves: sense temperature and pressure.
  - Extrasensory: sensors we are ignorant of.
- Billions of *items of knowledge* are received by the Soul each day and are integrated into self's various models for the TRUE UNIVERSE.

# **PART I -Time Dependent Revelation**

## **Self and Science**

- **The individual processes all *items of knowledge* received from the TRUE UNIVERSE using the following seven step process.**
  - 1. Self is ignorant of something if no model exists for it in his soul.**
  - 2. When a new *item of knowledge* is received by self's BODY, the SOUL makes a new observation, which must be reconciled.**
  - 3. The SOUL forms a new model based upon existing model(s) and the new *item of knowledge* received or adjusts an existing model.**
  - 4. Self's SOUL establishes an expectation or hypothesis for the new model.**

# **PART I -Time Dependent Revelation**

## **Self and Science**

- 5. Validates an expectation when the magnitude Self's WILL stimulates BODY actions that are required for validation.**
- 6. The BODY then receives new *items of knowledge* that will impact self's current expectation:**
  - Increases self's confidence.**
  - Lowers self's confidence.**
  - Requires self to alter the model.**
- 7. Steps 2-6 are repeated throughout the remainder of the self's life.**

# PART I -Time Dependent Revelation

## Self and Science

- When the magnitude self's confidence in a particular model increases to a high level it becomes his **TRUTH** or **BELIEF**.
- An individual's maximum **WILL** for any model will generate all of his outputs to the **TRUE UNIVERSE**.
- Individuals are unaware that they are continuously processing all *items of knowledge* using the preceding 7- steps.
- Man eventually documented this process at a macro level and called it the Scientific Method.

# **PART I -Time Dependent Revelation**

## **Self and Science**

- **Today when an individual or group of like minded individuals develop a particular model using the Scientific Method they are called scientist(s).**
- **All scientists or individuals can only develop their magnitude of confidence in a model, they can not prove it is TRUE due to *ignorance*.**
- **The characteristics of WILL will addressed in quantitative terms in *PART IV Quantitative Properties of Soul*:**
  - **The magnitude of love, priority, or importance to the individual.**
  - **The magnitude of faith, confidence, in a particular model.**

# PART I -Time Dependent Revelation

## Self and Revelation

- **Natural Revelation** is the normal way that an individual receives *items of knowledge* from the TRUE UNIVERSE.
  - Each individual processes all *items of knowledge* using what is known as the Scientific Method.
  - A large amount of self's *items of knowledge* come from reading, hearing or viewing other people's or group's published models for how things function.
  - The remainder of self's *items of knowledge* come from observing nature.

# PART I -Time Dependent Revelation

## Self and Revelation

- **Special Revelation** occurs when the communication of *items of knowledge* to mankind is by divine or supernateral means such as dreams, visions, an out of body experiences.
  - Special Revelation requires the existence of a revelator or creator.
  - The prophet receiving the supernatural knowledge must declare it to others and/or document it.
  - Society relates to the prophecy that is a nation will rise or fall, something will happen to a king, etc.
  - A prophet is validated only when his predictions come to pass.

# PART I -Time Dependent Revelation

## Self and Revelation

- ***Time Dependent Revelation*** occurs when the society, the prophet, or the author are all ignorant of any aspect of an *item of knowledge* at the time a document is written.
- After a long period of time passes the required *item of knowledge* eventually becomes known to mankind through *natural revelation*.
- Once known the *item of knowledge* provides new insight or understanding of the document and it also places a *Divine Stamp* on the document.

# **PART I -Time Dependent Revelation**

## **The Divine Time Stamp**

- **Validation of Time Dependent Revelation being a *Divine Stamp* requires an *item of knowledge*:**
  - **Be identified within the original document.**
  - **Be totally unknown when the document was written.**
- **The question becomes since mankinds existence have there been any documents authored that contain Time Dependent Revelation with a *Divine Stamp*?**
- ***PART II - Self and Revelation* will address mankind's development and identify any potential *Divine Stamps*.**
