

# The New World Order and the Bible

In the world today there are two completely opposing views of what is going to happen in the future. The first view is a New World Order held by the secular society. The second view is a Biblical Millennial Kingdom held by the followers of YHWH. The view that will prevail will be determined by conflict, which will end during the 40<sup>th</sup> Jubilee Period since the resurrection of Jesus the Messiah.

## **The New World Order**

The United Nations (UN) has established its *2030 Agenda for Sustainable Development*, which contains 17 global goals. Implementation of these goals will require all the nations in the world to submit their sovereignty to the United Nations. This would be a complete New World Order or One World Government. The vast majority of the nations in the UN have a socialist/communist form of government with the notable exceptions being the United States and Israel. Presently there is a global effort to resolve this condition.

The goal of the UN utopian socialist government will be to manage all aspects of production, distribution, and labor. Labor management is control of each individual's life from cradle to grave. In this society the enlightened few will manage the lives of every other individual in the world. This type of society identifies whether an individual is an asset or liability to the society. People who are determined to be a liability, will be removed from the society. This truly implements the concept social evolution with individual survival of the fittest.

## **The Biblical Calendar**

The biblical calendar is a Lunar calendar. The biblical year includes the following 12 months, which end when the sun sets on the last day of Adar and this sun set also brings the start of the first day of Abib and the new year. Biblically each month starts with the sighting of the new moon in Jerusalem. However, today these future dates are computed using algorithms and assumptions, which generally agree within several days.

<u>Month of Year</u>	<u>Month Name</u>	<u>Length in Days</u>	<u>Calendar month</u>
1	Abib ( Nissan)	30	March-April
2	Iyar	29	April-May
3	Sivan	30	May-June
4	Tammuz	29	June-July
5	Av	30	July- August
6	Elul	29	August-September
7	Tishri	30	September- October
8	Cheshvan	29 or 30	October-November
9	Kislev	30 or 29	November-December
10	Tevet	29	December-January
11	Shevat	30	January-February
12	Adar (+Adar II in leap year)	29	February-March

The biblical calendar uses Feasts, Sabbath days, Sabbath weeks, Sabbath years, and Jubilee Periods to document the character of the events and establish the time when they will occur. These events are a perfect picture of YHWH's relationship with the Israelites past, present and future. Although all these events apply to the 12 tribes of Israel, the remainder of mankind was and will be directly impacted when they are fulfilled.

# The New World Order and the Bible

**Sabbath of rest, holy convocation**, is any day set aside for each individual to focus on YHWH and is characterized by no work or planting.

A **Sabbath day** occurs every seventh day.

A **Sabbath week** is a period of seven days.

A **Sabbath year** is the seventh year. Major events that occur during this year are relative to the rest of the land. During this year there is no planting or harvesting.

A **Jubilee Period** starts during the seventh Sabbath year (49<sup>th</sup> year) when the Jubilee trumpet sounds on Yom Kippur, the 10<sup>th</sup> day of the 7<sup>th</sup> month (Tishri). It then continues through the end of 50<sup>th</sup> year. The land continues rest and YHWH's relationship with individuals is restored.

Major Biblical events occur when there are unique conjunctions of the Sabbaths, Jubilees, and the following Early-Rain Feasts and Latter-Rain Feasts.

## **Early-Rain Feasts**

YHWH took on a mortal body the Son of Man, Jesus the Messiah and during His 3 year ministry He perfectly instructed the people at their level as the people had requested when they rejected Him at Mount Sinai. The Early-Rain Feasts demonstrate YHWH's authority over His creation, sin, and death!

The Early-Rain Feasts occur during the spring of the year during the first month, Abib, and third month, Sivan, and they include Passover, Feast of Unleavened Bread, Feast of First Fruits, and the Feast of Weeks. All these Early-Rain Feasts were fulfilled when Jesus the Messiah (YHWH) was crucified on the Passover during a Jubilee period. It was a Jubilee Period because Barabbas was freed showing individual restoration, which occurs only during this time. Then after 3 days and 3 nights during the Feast of Unleavened Bread Jesus the Messiah's resurrection was heralded by the Feast of First Fruits. Then 50 days later on the Feast of Weeks (Pentecost) YHWH gave the power to the disciples to declare the gospel to the world. Thus, fulfilling all the Early-Rain Feasts during this Jubilee Period, which occurred in the time period between 31 AD +/- 3 years. The Early-Rain Feasts include the following feasts.

- **Passover** - Day of preparation
  - 14 Abib - Arrest and crucifixion of Jesus the Messiah.
- **Feast of Unleavened Bread** (7 days)
  - 15 Abib - Day 1 - High Sabbath (Holy Convocation) - no work.
  - 16 Abib - Day 2 - **Feast of First Fruits** (Holy Convocation) - no work.
  - 17 Abib - Day 3 - Weekly Sabbath - no work - Jesus the Messiah's resurrection.
  - 18 Abib - Day 4 - First day of the new week - Jesus the Messiah starts His work.
  - 19 Abib - Day 5 -
  - 20 Abib - Day 6 -
  - 21 Abib - Day 7 - High Sabbath (Holy Convocation) - no work
- **Feast of Weeks** (Pentecost) - no work and His disciples were empowered
  - 08 Sivan - 7 weekly Sabbaths = 49 days +1 = 50 days

# The New World Order and the Bible

The consequences of the Early-Rain Feasts fulfillment.

- The nation of Israel once again rejected YHWH just as at Mount Sinai by crucifying the Son of Man.
  - Thus the 12 tribes of Israel remain dispersed throughout the world.
  - Their relationship with YHWH is dependent on their ability to stand for YHWH under persecution.
  - At a future time the House of Judah will restore the Tabernacle/Temple in preparation for the fulfillment of the Latter-Rain Feasts.
  - A remnant of the 12 tribes will go through the Latter-Rain Feasts and enter YHWH's Millennial Kingdom with mortal bodies.
- Jesus the Messiah's crucifixion and resurrection demonstrated YHWH's authority over sin and death for all mankind.
  - **Each individual in the world** is responsible to believe in YHWH, Jesus the Messiah, and tell others about YHWH so they can also believe and become His followers.
- Each individual dead or alive will experience the Latter-Rain Feasts as a function of how good their relationship was or is with YHWH.

The Latter-Rain Feasts can be expected to occur in 40 Jubilees (2000 years) in the future or during the period of time between 2031 AD +/- 3 years.

## **Events preparing the way for the Latter-Rain Feasts**

World War II, 1939 to 1945, was a major event in preparing the world for the Latter Rain Feasts. At the end of World War II in 1945 United Nations (UN) was formed. The nation of Israel was reborn after nearly 2000 years of desolation via the UN with its first day of existence was on 15 May 1948.

The United Nations is currently located in New York city, USA and represents the current World Capital. During Sep 2015 many world leaders gathered at the UN to celebrate its 70<sup>th</sup> anniversary.

On 25 Sep 2015 the UN adopted the UN Agenda 2030 for Sustainable Development. UN Agenda 2030 includes 17 unique goals and if these goals are achieved by 2030 every nation in the world would be under the sovereign rule of the UN. This would complete the implementation of the New World Order and result in the Biblical One-World Government.

World leadership by the USA (Lion), Russia (Bear), and China (Leopard) is also part of the UN Trilateralist's plan to form a New World Order (One-World Government). Where the world is divided into three parts and subdivided into ten economic trading blocs or kingdoms. The prophet Daniel calls this the fourth great beast. This trilateral structure is depicted in Figure 1 and it is the plan to establish the New World Order.

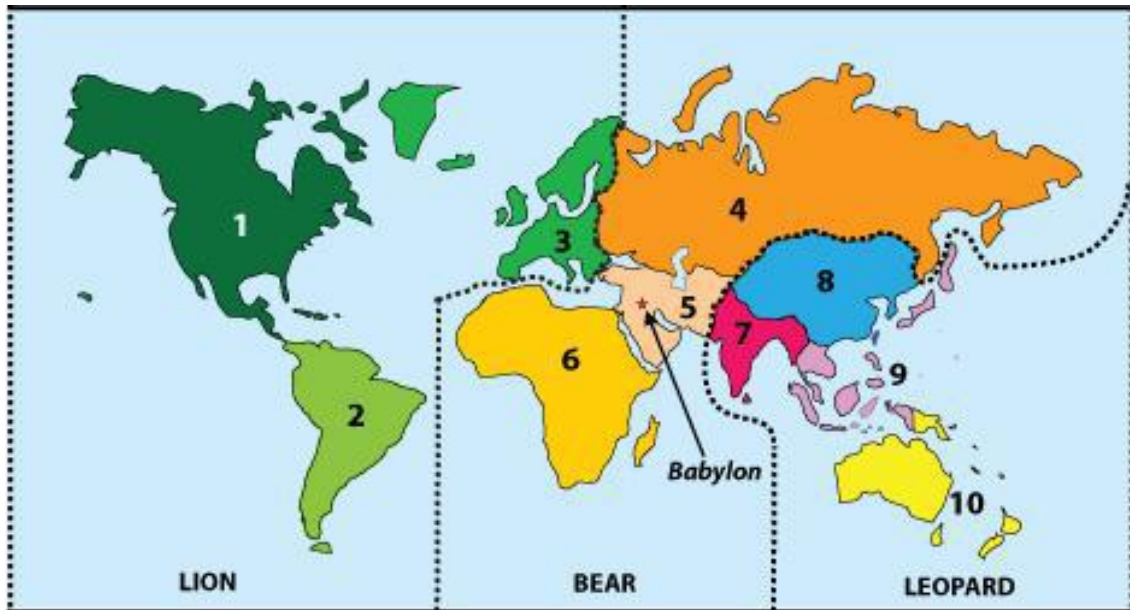

With the end of the UN,s 70<sup>th</sup> anniversary on 04 Oct 2015 the entire world had turned its back on Israel and the door was opened to implement UN Agenda 2030 and transition to the New World Order by placing all nations in the world including the USA under the sovereignty of UN.

## The New World Order and the Bible

Since the end of 2015 China, the leader of the UN's Leopard, has continued to strengthen its military and construct facilities to demonstrate its authority over the Pacific Rim nations.

Russia, the leader of the UN's Bear, has continued to increase its influence in the Middle East through support of Syria against ISIS and the export of military equipment to Iran. The UN has denied Israel's ties to the Temple mount and the majority of UN members are anti Israel

Figure 1 - Ten Kingdoms in a Trilateral Structure

The USA, the leader of the UN's Lion, has continued to reduce its military capability; continued to provide token support in the conflict with ISIS; continued normalizing relations with Cuba; continued effort in combating the number one enemy-global warming; initiated the organization of a global UN police force to fight extremism in the USA; and the USA's government has vigorously continued to support UN Agenda 2030 programs that will transition the world to the New World Order.

Since the start of 2016 the rate of transition to the New World Order was increasing but to maintain or continue to increase the rate would require Russia, China and the USA to retain their present course and stand behind UN Agenda 2030.

The biggest problem facing the New World Order movement occurred during the USA 2016 presidential election. The new leader of the Lion, is president Donald Trump who was a devout nationalist who did do all he could do to make America great again. Nationalism would prevent the USA from transitioning to the sovereign rule of the UN and thus become a UN nation state. This represents a huge setback to UN Agenda 2030 and could potentially destroy the majority of UN progress made during the last 70 years. The New World Order program is at a critical point and the New World Order activists cannot allow Donald Trump to be a successful president of the USA.

# **The New World Order and the Bible**

## **Today's Status**

The leaders of the Bear, president Vladimir Putin of Russia, and the leader of the Leopard, president Xi Jinping of China, both have strengthened their hold of power and continue to support UN Agenda 2030 and the majority of UN members are anti Israel.

The previous leader of the Lion was president of the USA Donald Trump. He fought against the socialist UN agenda and fully supported Israel and president Benjamin Netanyahu's government. President Trump moved the USA-Israeli Embassy to Jerusalem, which was opposed by the UN supporters. Whereas, those who support the UN agenda desperately tried to get rid of president Trump either via impeachment or the 2020 election!

The current leader of the Lion, is president Joe Biden who won the 2020 election by questionable means. This places the UN Agenda 2030 back on track.

## **Future Events**

First, the UN needs a world capital city and it needs to be located in Babylon, Iraq. If the UN bought about a ten square mile area around the Tower of Babel, the site of the first world government, and made it an international historical site. Then in this area build an international airport, restaurants, hotels, and a spectacular UN office building. This UN office building must be the largest and tallest in the world and it needs to consolidate all other UN offices from around the world. Now all nations in the world have a vested interest in their new amazing capital city. Rebuilding Babylon also will prove the Holy Bible and Christianity are wrong.

Second, the Nation of Israel will restore YHWH's Temple/Tabernacle in Jerusalem, Israel. This will not pose a problem for the UN because at some point in time after the UN has been fully established the Temple could be removed.

These two events will begin before or during the prelude to the 7- Tribulation Period. During this prelude a covenant with many secular leaders throughout the world to do anything necessary to form the New World Order. The subsequent 7-Tribulation Period will be an all out effort to destroy anyone opposing implementation of the UN's New World Order. It will have similar characteristics to the Bolshevik revolution in Russia except it will be worldwide. The result of this effort will be to transition all individual national sovereignty to the UN.

Quantitative Theology indicates it is highly probable that all the Latter-Rain Feasts will occur during the 40<sup>th</sup> Jubilee Period (2000 years) since Jesus the Messiah's resurrection in 31+/- 3 years AD. Thus the 40<sup>th</sup> Jubilee Period would start on Yom Kippur during the 49<sup>th</sup> Sabbath year, continue through the 50<sup>th</sup> year, which will occur between 2031+/- 3 years AD.

Thus the 7 year tribulation will start about (2031-7 years +/- 3 years = 2021 early, 2024 nominal, or 2028 late. This 7 year tribulation period will end during the 40<sup>th</sup> Jubilee Period since the crucifixion and resurrection of YHWH, Jesus the Messiah. During the seventh month, Tishri, of the last year of the 40<sup>th</sup> Jubilee Period all the Latter-Rain Feasts will occur. The Latter-Rain Feasts includes Yom Teruah, Yom Kippur, Feast of Tabernacles (7 days), and the Last Great Day.

## Latter-Rain Feasts

All the Latter-Rain Feasts will be fulfilled during the seventh Month, Tishri, during the 40<sup>th</sup> Jubilee Period since the Early-Rain Feasts were fulfilled in 31 AD +/-3 years and they are:

- **Yom Teruah** (Feast of Trumpets)
  - Day 01 of Tishri in 2031 AD +/-3 years :
    - **YHWH, Jesus the Messiah returns in power and glory.**
    - End of tribulation for the remnant of Israel.
    - YHWH starts to tread the WINEPRESS of His wrath.
    - Judgment of Pergamos in the WINEPRESS for 9 days.
- **Yom Kippur** (Day of Atonement)
  - Day 10 of Tishri in 2031 AD +/-3 years:
    - Judgment of Sardis during the last day of the WINEPRESS.
    - The 7-year Tribulation is completed.
    - **Satan is bound bring the end of his plans for the New World Order.**
- Millennial Temple rebuilt and dedicated.
  - Days 11-14 of Tishri in 2031 AD +/-3 years:
    - During the Early-Feasts Jesus the Messiah was referring to His resurrection in 3 days, but during His second coming He will literally do it.
- **Feast of Tabernacles** (7 days)
  - Days 15 -22 of Tishri in 2031 AD +/-3 years:
    - Celebration of YHWH's return (Marriage supper of the Lamb)
- **Last Great Day**
  - Day 23 of Tishri in 2031 AD +/-3 years:
    - **First day of the Millennium.**

This time period is also addressed in both of the following books.
